

Remarks:

The Examiner states that the claims of the present application can be broken into the following patentably distinct groups:

Group I: claims 1-15, 33, and 36

Group II: claims 16-32, 34, and 35

Applicants are required to elect one of the patentably distinct groups for examination. Applicants elect Group I, claims 1-15, 33, and 36 without traverse in response to the Examiner's restriction requirement.

Claims 1-15, 33, and 36 remain in the application. Claims 16-32, 34, and 35 have been cancelled without prejudice as a result of the restriction requirement. The amendments to the claims are believed to be fully supported by the specification, drawings, and claims as originally filed. Accordingly, no new matter is believed or intended to be involved

Applicants reserve the right to file a divisional application directed to the non-elected claims.

Respectfully submitted,
